

Gururaj: You just think of the flowers, the sunshine and all those things you have mentioned. Now love the flowers and the sunshine all that associate itself with other things that come up into the mind. – you are associating with the primary thought in your mind. There will be association, whatever thought comes up, do not stop it, just let it go. Now repeat with me, Satyam, Shivam, Sundaram, Satyam, Shivam, Sundaram, Satyam, Shivam, Sundaram, Satyam, Shivam, Sundaram good. This means, Satyam is truth, Shivam is divinity, Sundaram is beauty. Because <0:06:00.3> you could never separate beauty from god and you can never separate kids from them. So it a oneness. Then the <0:06:43.4> and the course ends, you will never be the same person again, you will develop a greater appreciation of Satyam, Shivam, Sundaram, this happens all around the world, it is not me, it is the power of divinity. I'm only an instrument <0:07:29.4> he blows through it with the divine melody to all the beloveds.

Now, is there any personal problem you have in your mind? You don't need to say it in public, just think of it and come and sit on this chair. Don't tell me because I know it. So whoever wants to come and sit there, I will just touch your forehead and your problem will be resolved. <0:10:22.5>
