

Gururaj: -- I am stupid. --I am stupid -- I am stupid -- I am stupid -- I am stupid -- I am stupid -- I am stupid -- I am stupid -- I am stupid -- I am stupid." My padre in heaven is the only one that is clever because he is guiding my life, but yet I realise within myself I am stupid -- I am stupid -- I am stupid -- I am stupid. (Laughs) Oh where are you gonna get a guru like me? You see when we can develop that humility within ourselves and admit to ourselves that I am stupid, that's the way you surrender to our lord. Good.
