Gururaj: Linda is <0:00:10.8> she releases him of his problem and what a lovely release. You see what Linda does is this that she gets very close to him at night and play play play, yeah (laughs) and that bang! Whoa! Comes relief. (Laughs) We naughty, yeah, but these are the facts of life. Okay? Because there is a communication – have you got no cello tape? Women, yet, totally naked but it will not produce any desire in him. Now when we talk of do this or not do this, that is a mental quality, the mind you think, but when you go beyond the mind, you are yourself, that divinity, that flow. Now, let us take a little example, all of you love me, why? Have you thought of that? Why do you love me? You love me because there is a spiritual communication, your inner spirit within yourself, that divinity within yourself recognises subconsciously somewhere -- somewhere here, that here my inner self is in communion with my guru's inner self. That is why you love me. Simple, is this thing alright?

Translator: Yes.

Gururaj: You got to check that now.

Translator: Yeah, we're gonna check.

Gururaj: Yeah.
